Are you tired of the same old astrology? Do you want to try something new and different? Then Carrotology is the perfect astrology for you!

Carrotology is a new and unique type of astrology that uses carrots to determine your personality and future. It is based on the belief that the shape, size, and color of your carrot can reveal your hidden strengths and weaknesses.

To get your Carrotology chart, you simply need to choose a carrot. You can choose any carrot you want, but it is important to choose one that you are drawn to. Once you have chosen your carrot, you can use the following chart to determine your sun sign, moon sign, and rising sign.
